Legal RFQ Inquires/Questions

Is participation in this RFP necessary to work on matters related to the NWMO's APM project or is that outside of the scope of this RFP?

- **The NWMO APM is outside of the scope of this RFP**

Is a firm required to submit a proposal on all of the practice areas identified or is it possible to limit the submission to specific practice areas?

- **We will accept proposals providing specific services as indicated in section 6.3 of the RFP. The Municipality reserves the right to negotiate the terms and scope of legal services in the best interest of its needs. It is conceivable that one attorney or legal firm could be selected for general legal services and a different attorney or firm could be selected for a specific service, such as labor and/or prosecution services.**

The RFP requires a financial proposal that is binding for the term of the contract. Would that include the additional 5 year term that can be triggered at Council's option?

- **No costs would be reconsidered at the time a decision was made to proceed past the 5 years.**

Would the Municipality accept proposals submitted by email? If not, should the proposal be submitted to the individual listed under s. 3.1?

- **One (1) original and two (2) copies of the complete proposal documents should be addressed to the individual and address indicated below:**
  Leanne Martin, CAO/Clerk
  21 Gordon Street,
  Teeswater, ON N0G 2S0
